Stranded in front of her bedroom TV, she spends the next few years nourishing herself with the Mallomars, potato chips, and Pepsi her anxious mother supplies. When she finally orbits into young womanhood at 257 pounds, Dolores is no stronger and life is no kinder. But this time she's determined to rise to the occasion and give herself one more chance before she really goes under.

A book of the New York Times Year. A finalist of the Los Angeles Times Book Prize — Best First Novel of the Year." — The New York Times "Lord Lamb gives his vociferous heroin truly heroic proportions, both in the physical and psychic sense... John. Updike once observed that J.D. Salinger loves some of his characters 'more than God loves them', which could be said about Wally Lamb... These characters are equally intrinsic to the reader, as Dolores Price is, even in his most self-dependant moments: this reader continued to root out all adversity and find peace and happiness." — Hilma Wollitzer, The New York Times Book Review "At a time when most of us could use a little personal moment of triumph, spending some time with Dolores is a great therapy." Digby Diehl "A heroine to cheer up... This extremely moving journey to adulthood can remind you of "The World According to Garp" and other emotionally released sagas. " — Glamour "There are at least two surprises in the store for readers of Lamb's memorable debut novel. One is the author's sex. This makes you feel so consciously in the voice of an image, tracking your life from 4 to 40, that you have to keep looking back on the image of the machine back just to make sure. The second surprise is how much a series of trials and tribulations can add to a book so touchingly fun." — People's Magazine Published on 22/02/1997 01/22/1997
